The information you provide on the other side of this form will help us to understand your hiring needs. Please review the information below, and use it as a guide when completing the Job Order form. Then return the form to us, or use the form as a guide if you prefer to telephone us with your job order.

Unemployment Insurance Employer Registration Number: Please provide this number as it verifies that you are authorized to operate within New York State. If you are a new business and have just applied for this number, please advise us; we will use your Federal Tax I.D. number on an interim basis.

Referral Instructions: On job listings made available for job seekers' review, the Department of Labor will provide the business name, address, and contact information unless you tell us not to. This will allow businesses the opportunity to receive direct inquiries from qualified job seekers and will additionally increase the volume of job seeker responses to posted openings.

Referral Results: It is critical for us to get feedback concerning the quantity and quality of the referrals that we make to your company. This will help us in our constant goal of improving our service to you and to the business community. For this reason, if we do not hear from you about referral results, Department of Labor staff may contact you for this information.

National Exposure: Your job will be posted on the National Labor Exchange (**us.jobs**) which serves as a network for other state public job banks. Your job openings will reach a nationwide audience of job seekers.

Veterans Preference: The Department of Labor makes every effort to find the most suitable candidates for your job opening(s). Our job seeker file contains military veterans skilled in many occupations and job duties. Department of Labor policy is to refer qualified veterans to job openings before qualified non-veterans.

Benefits: To attract the best applicants, it is important for you to let potential employees know the benefits that you offer with your job. To some individuals, the benefits you provide may be more important than salary.

Technology

The New York State Department of Labor helps businesses fill thousands of job openings with qualified workers each year. Like any other service agency, we are always looking for ways to make our operation more efficient and responsive to the people we serve. As part of this continuing effort, we have introduced some enhancements for matching candidates to job openings, using computer technology:

- **Computer Matching** – A computerized notification system that alerts potential candidates of your job opening, matching your job requirements with an applicant's special skills and abilities.
- **Internet** – Job openings listed with the Department of Labor can be viewed on our Internet Home Page. **This web site includes a direct link to our State Job Bank (ny.jobs) as well as a variety of resource information for both businesses and job seekers. Visit our web site at www.labor.ny.gov.**
